

Taras Tarhanskyi

Software Engineer

taras.tarhanskyi@gmail.com • +41772423709

[LinkedIn](#) • Switzerland

Date of Birth: 22.07.1997

Nationality: Ukrainian

Software Engineer with 5+ years of experience specializing in Java-based backend systems, with additional expertise in frontend and a growing interest in mobile app development (KMM). Skilled in implementing CI/CD pipelines and managing cloud infrastructure with AWS. Strong advocate of a stable codebase and SOLID principles. Experienced in working with both small and large teams. While I am fully capable of working remotely, I prefer on-site collaboration and am open to relocation.

Languages:	English(B2), German(A1), Ukranian(C2), Russian(C2)
Programming Languages:	Java, Kotlin, SQL, JavaScript
Databases:	MySQL, PostgreSQL, MongoDB, DynamoDB, MS SQL Server
Frameworks/Platforms:	Spring, Ktor, Hibernate, Angular, React, JUnit, Mockito
Tools/Technologies:	Maven, Gradle, Kafka, Docker, Git, AWS, Linux
Technical Skills:	TDD, API Integration, QA & Testing, Full-Stack Engineering, CI/CD, Containerization.
Cloud technologies (AWS):	EC2, SQS/SNS, S3, CloudFront, Lambda, API Gateway, RDS, DynamoDB, IAM, Route53

Career

Capgemini, Remote Software Engineer	02.2022 – Present
<ul style="list-style-type: none">Engineered and deployed complex microservices for a startup in its early stages.Implemented over 100 A/B tests using JavaScript and WVO.Refactored Java modules & increased test coverage from 40-60% to 80-90%.Deliver critical, time-sensitive fixes and adjustments through VWO scripts to support the leading teams during resource shortages and tight deadlines.	
Implemica, Ukraine Software Engineer	08.2020 – 02.2022
<ul style="list-style-type: none">Designed and implemented a new admin panel.Rebuilt legacy desktop software (Java Swing) into a Spring Boot cloud-based solution.Helped to migrate local clients' databases to the cloud.Successfully migrated a payment system from Braintree to PayPal and Stripe.Upgraded a legacy server (Spring -> Spring Boot).Automated deployments via AWS ECR.Optimized AWS resource usage.	

Education

Bachelor's Degree in Computer-Aided Design (2020)
Lviv Polytechnic National University, Lviv, Ukraine
